## CUSTOMER SUCCESS STORY TRAVELOPIA

As a fast-expanding business, Travelopia's Finance processes were growing complex. It chose SAP S/4HANA Cloud as an alternative to MS Dynamics, its incumbent ERP and entrusted Percipere with its greenfield implementation across the UK, Ireland, France, Netherlands, USA, BVI, Canada, Germany, and Croatia to drive Finance Transformation.

## BUSINESS CHALLENGES

- Transition from MS Dynamics to SAP S/4HANA Cloud with minimum disruption
- Identify and effectively phase out legacy systems to optimise processes
- Implementation of multi-country taxation and regulatory compliances and handling of massive intercompany recharges and reconciliation workloads
- Streamlining the three-way matching process

## PROJECT HIGHLIGHTS

- Covered 3 LOBs across 12 geographies within just 15 months
- Delivered detailed and accurate Knowledge Transfer and transition for 150 users in 5 countries to maximise adoption
- Highly simplified the supplier invoice handling process using SAP and OCR solutions

## BUSINESS BENEFITS

**35%**  
three-way match efficiency achieved for AP processing

**80%**
