

Job Description

Solution Architect-SAP BTP

Location: Mumbai, UK

About us: Established in 2017 in the UK, Percipere is a fast-growing Premier Process Integrator for ERP and Process re-engineering engagements that works with leading clients in Europe, Americas, Middle East and India. We have ambitious growth targets in APAC market, and this role will play a pivotal role in helping achieve these targets.

Responsibilities

- ✓ Develop, customize, and maintain SAP BTP applications and solutions to meet business requirements. This includes working on Cloud Foundry, Integration Suite, and other SAP BTP services.
- ✓ Design and implement integrations between SAP BTP and various SAP and non-SAP systems to ensure seamless data flow and process automation.
- ✓ Create custom applications using SAP BTP tools like SAP Cloud Application Programming Model, SAPUI5, and other relevant technologies.
- ✓ Ensure that SAP BTP solutions are developed and maintained in compliance with security standards and data protection regulations. Implement and maintain necessary security measures.
- ✓ Collaborate with business stakeholders to gather and analyze their requirements and translate them into SAP BTP solutions.
- ✓ Design and document SAP BTP solution architectures, ensuring they are scalable, maintainable, and aligned with best practices.
- ✓ Technical Support and Troubleshooting: Provide technical support and resolve issues related to SAP BTP applications and services, including debugging and problem-solving.
- ✓ Monitor and optimize the performance of SAP BTP applications, ensuring efficient resource utilization and responsiveness.
- ✓ Maintain comprehensive documentation for SAP BTP solutions, including technical specifications, design documents, and user guides.
- ✓ Conduct training sessions for end-users and share knowledge with team members to promote best practices in SAP BTP development.
- ✓ Collaborate with business stakeholders to gather requirements and translate them into technical specifications.
- ✓ Ensure project deliverables meet quality standards and are delivered on time and within budget.
- ✓ Conduct code reviews and ensure adherence to best practices and coding standards.

Education/Training

BE, MCA (Preferred), B.Sc. in Computer Science

Professional experience- 12 + years of professional experience
