

Job Description

Job Title- Chartered Accountant (Fresher) - SAP S/4HANA Cloud Implementation

About Us- Established in 2017 in the UK, Percipere is a fast-growing Premier Process Integrator for ERP and Process re-engineering engagements that works with leading clients in Europe, America, Middle East and India.

Position Overview: We are seeking a dynamic and motivated Chartered Accountant to join our team as we embark on an exciting journey to implement greenfield SAP S/4HANA Cloud projects for multinational clients. This role offers a unique opportunity for a fresher to leverage their accounting expertise and contribute to the successful implementation of cutting-edge SAP solutions on a global scale.

Responsibilities:

1. Collaborate with multinational clients to understand their business processes, financial requirements, and objectives for SAP S/4HANA Cloud implementation.
2. Assist in conducting gap analysis between clients' existing financial systems and SAP S/4HANA Cloud functionalities to identify customization needs and integration points.
3. Participate in workshops and meetings with clients' finance teams to gather business requirements and translate them into functional specifications for SAP configuration.
4. Work closely with SAP consultants and project managers to design and implement tailored solutions within the SAP S/4HANA Cloud framework to meet clients' accounting and reporting needs.
5. Support testing activities including unit testing, integration testing, and user acceptance testing to ensure the quality and reliability of SAP S/4HANA Cloud solutions.
6. Provide end-user training and support to clients' finance teams on utilizing SAP S/4HANA Cloud applications effectively to streamline financial processes and enhance decision-making.
7. Contribute to documentation efforts including business process maps, configuration guides, and training materials to facilitate knowledge transfer and ensure smooth transition post-implementation.
8. Act as a trusted advisor to clients' finance stakeholders, providing insights and recommendations on best practices for leveraging SAP S/4HANA Cloud to drive business transformation and achieve strategic objectives.
9. Stay abreast of the latest developments in SAP S/4HANA Cloud and international accounting standards to ensure compliance and enable continuous improvement in client solutions.

Requirements:

1. Bachelor's degree in Accounting, Finance, or related field.
2. Chartered Accountant (CA) certification is required.
3. Strong understanding of accounting principles, financial processes, and regulatory requirements across multiple jurisdictions.
4. Familiarity with SAP ERP systems and cloud technologies is desirable but not mandatory.
5. Excellent communication and interpersonal skills with the ability to engage effectively with multinational clients and cross-functional teams.
6. Analytical mindset with the ability to assess complex business challenges and propose innovative solutions leveraging SAP S/4HANA Cloud capabilities.
7. Proactive attitude with a strong sense of ownership and accountability for delivering high-quality results within project timelines.

8. Adaptability and willingness to travel internationally as required to support client engagements and project implementations.
9. Passion for learning and professional development, with a commitment to acquiring relevant certifications and expanding expertise in SAP S/4HANA Cloud and related technologies.

This position offers a unique opportunity for a fresher Chartered Accountant to gain invaluable experience in implementing SAP S/4HANA Cloud solutions for multinational clients, while contributing to the success and growth of our global consulting practice. If you are enthusiastic about driving digital transformation in the finance domain and thrive in a dynamic, client-focused environment, we encourage you to apply and join our international team.
