Job Description

Lead-SAP ABAP

Location: Mumbai, UK

About us: Established in 2017 in the UK, Percipere is a fast-growing Premier Process Integrator for ERP and Process re-engineering engagements that works with leading clients in Europe, Americas, Middle East and India. We have ambitious growth targets in APAC market, and this role will play a pivotal role in helping achieve these targets.

Responsibilities
- ✓ Lead and mentor a team of SAP ABAP developers.
- ✓ Design, develop, and implement SAP ABAP solutions with integration to SAP HANA.
- ✓ Collaborate with business stakeholders to gather requirements and translate them into technical specifications.
- ✓ Ensure project deliverables meet quality standards and are delivered on time and within budget.
- ✓ Conduct code reviews and ensure adherence to best practices and coding standards.
- ✓ Troubleshoot and resolve technical issues related to SAP ABAP and HANA.
- ✓ Stay updated with the latest advancements in SAP ABAP and HANA technologies.
- ✓ Develop and maintain software based on product backlog features and developed high-level design.
- ✓ Continuous integration on configuration and delivery.
- ✓ Perform technical reviews on software design and coding
- ✓ Follow standard team processes and guidelines and ensure process conformance.
- ✓ Participate in Weekly meetings/calls with internal and external Product Owners.
- ✓ Contribute effectively in the continuous improvement of his/her project, team, and work environment by submitting improvement proposals whenever possible.
- ✓ Raise flags proactively for any issue that can impact his/her project or team.

Education/Training
BE, MCA (Preferred), B.Sc. in Computer Science
